I am a Broadway Producer and Costume Designer. I am originally from Boston. I hold a degree from Carnegie Mellon. Since Leaving the “Neighborhood” I earned my MFA in costume design from Brandeis University. I am a die-hard New Yorker now! (And I have the shoes to prove it.) I have worked on several Broadway Shows in multiple capacities. My Broadway credits include Lestat, High Fidelity, Spring Awakening, etc. I worked for the producers of Spiderman: Turn Off the Dark, which led to creating and developing Taking Wing: Legends of Emimencia, which will become Broadway’s immersive techno-enhanced production using AR, video mapping and fiber-optic wings. I am also on track for an animated movie, VR Experience, and a children’s book of each character.

My Movie “The Oath” was released in Theatres Nov 1st, 2023. I was the Co-Costume Designer with Christian Cordella (Lead Illustrator for Marvel) On Feb 1st, 2024, I will be Honored by my Union 829 latse as a “Strong female Role Model and Hero”.
